

# 41<sup>st</sup> ANNUAL REPORT

PUSHKAR  
BANIJYA LIMITED

# Managing Director's Message

*Dear Shareholders,*

It is my pleasure to present the 41st Annual Report of Pushkar Banijya Limited as the Chairman of the Board. I hope that this finds you well and your loved ones are safe and in good health. Before proceeding towards the performance & progress of the company, I will say a few words from the Board's perspective on what was another eventful year.

As countries finally opened up for business in 2022 after two years of pandemic lockdowns, the global economy faced further pressures resulting from the Russian invasion of Ukraine, which continues to have a devastating impact on the people who live there, as well as adding to the rising cost of living and the cost of doing business all over the world. These factors, along with a rapidly changing political landscape, drove inflation in the UK to a 40-year high, with consumers and businesses facing increased costs and considerable uncertainty.

In the first few months of the year, we have already seen the impact that uncertainty and rising interest rates can have on the banking sector, with the collapse of Silicon Valley Bank in the United States and some other lenders there. We also saw the acquisition of Credit Suisse by UBS, facilitated by the Swiss authorities. Ultimately, poor risk management and long-standing, idiosyncratic challenges were largely to blame for those failures.

During the year under review, Your Company has recorded revenue from operations of Rs 231.39Lacs as Interest Income, as compared to Rs. 261.27 Lacs in its previous years. The year 2022-2023 has booked Profit of Rs. 130.43Lacs for the year ended

31st March 2023. It is evident from the figures that your Company's performance has remained neutral and progressive during the year.

The momentum in loan growth was seen in 2022 which sustained during the year as well. Like in the case of banks, better traction in housing demand and auto sales has also aided credit growth for non-banking financial companies (NBFCs). The trajectory in overall systemic credit growth has been encouraging so far, in spite of a spree of interest rate hikes.

ICRA Estimated credit growth for Non-Banking Finance Companies and Housing Finance Companies at Rs.61,000 crore in the fourth quarter for financial year 2023. This is the highest securitisation volume since the COVID-19 pandemic.

The overall securitisation volumes in financial year 2023 stood at Rs.1,78,000 crores, a healthy 41% expansion over Rs.1,26,000 crore seen in financial year 2022. 90% of the volumes for the quarter are largely dominated by the securitisation of retail loans. The upward trend in the securitisation volumes continued for another quarter as NBFCs and HDFs witnessed an increasing in funding requirements to meet the growing credit demand.

On behalf of the Board of Directors of Pushkar Banijya Limited, I take this opportunity to acknowledge and thank our employees for their dedication, commitment and contribution, which have enabled us to achieve the results. I also thank our customers, vendors, bankers, central and state governments and all other stakeholders for their undeterred confidence, trust and support. I thank all our colleagues and professionals for their continuous guidance.

Warm Regards,

**MANAGEMENT DISCUSSION AND ANALYSIS REPORT****Industry structure and developments****Global economy**

The global economy is yet again at a highly uncertain moment, with the cumulative effects of the past three years of adverse shocks—most notably, the COVID-19 pandemic and Russia's invasion of Ukraine—manifesting in unforeseen ways. Spurred by pent-up demand, lingering supply disruptions, and commodity price spikes, inflation reached multidecade highs last year in many economies, leading central banks to tighten aggressively to bring it back toward their targets and keep inflation expectations anchored.

Although telegraphed by central banks, the rapid rise in interest rates and anticipated slowing of economic activity to put inflation on a downward path have, together with supervisory and regulatory gaps and the materialization of bank-specific risks, contributed to stresses in parts of the financial system, raising financial stability concerns. The unexpected failures of two specialized regional banks in the United States in mid-March 2023 and the collapse of confidence in Credit Suisse—a globally significant bank—have roiled financial markets, with bank depositors and investors reevaluating the safety of their holdings and shifting away from institutions and investments perceived as vulnerable. The loss of confidence in Credit Suisse resulted in a brokered takeover.

The major forces that affected the world in 2022—central banks' tight monetary stances to allay inflation, limited fiscal buffers to absorb shocks amid historically high debt levels, commodity price spikes and geo-economics fragmentation with Russia's war in Ukraine, and China's economic reopening—seem likely to continue into 2023.

But these forces are now overlaid by and interacting with new financial stability concerns. On the backdrop of the above scenario, the baseline forecast is for growth to fall from 3.4 percent in 2022 to 2.8 percent in 2023, before settling at 3.0 percent in 2024. Advanced economies are expected to see an especially pronounced growth slowdown, from 2.7 percent in 2022 to 1.3 percent in 2023. In a plausible alternative scenario with further financial sector stress, global growth declines to about 2.5 percent in 2023 with advanced economy growth falling below 1 percent. Global headline inflation in the baseline is set to fall from 8.7 percent in 2022 to 7.0 percent in 2023 on the back of lower commodity prices but underlying (core) inflation is likely to decline more slowly. Inflation's return to target is unlikely before 2025 in most cases. (Source: IMF)

**Indian economy**

The Indian economy recorded a growth of 6.1 percent in the fourth quarter of the fiscal year 2022-23. This strong performance contributed to an annual growth rate of 7.2 percent. India, one of the most robust economies globally, has experienced movements in both upward and downward directions concerning its GDP growth rate in recent years, considering the pre and post-pandemic situations. India is now the fifth-largest economy in the world due to its strong economic foundations, thriving domestic demand, careful financial management, high saving rates, and favorable demographic trends. The country's major economic contributors are traditional and modern agriculture, technology services, the handicraft industry, and business outsourcing.

**Outlook**

India stands in a much better position than it has been in the past. Its growth is in recovery mode and as the pandemic led stringencies ease, we expect a continued recovery that would be driven by urban consumption/services. Thus, we expect medium-term domestic macro drivers to remain conducive for healthy growth.

With overall capacity utilisation just shy of 75%, we see a pick-up in capex over the next few quarters. In addition, India's retail inflation has limited exposure to global food prices. While employment is back to pre-COVID levels in India, it is yet to become broad-based. In terms of rates, while the RBI prioritizes inflation, it would certainly not be at the cost of growth. While the rates would be frontloaded and calibrated, the pace would not be as aggressive as the Fed's current trajectory.

While India's growth outlook for the year ahead remains bright, driven by private consumption and elevated public spending, inflation is still one of the biggest risk it faces. Higher inflation can curtail the discretionary consumption and unfavorably affect the recovering domestic demand. The ongoing geopolitical crisis has caused supply chain disruptions which has led to higher commodity prices; if this gets prolonged, it can further fuel the inflation. The depreciating Rupee can become another issue as India is one of the biggest importers of crude oil leading to rise in trade deficit in FY 2022-23. As Rupee depreciates and import prices go up, taming inflation can become an uphill task for the central bank. A slower than expected global growth recovery may affect the demand for exports.

India's retail inflation soared to an 18-month high of 7.5% in April 2022 driven by inflationary pressures, post which the RBI announced a 40 BPS repo rate hike in May 2022 in an off-cycle monetary policy to combat the said rise in inflation. While RBI's stance remains accommodative in order to support growth, ensuring that inflation remains within the target going forward shall be key for a sustainable growth environment. However, a downside to this is any further increase in the rates may force Banks and NBFCs to further increase their lending rates, and thus affecting consumption and capital expenditure.

Nevertheless, the opportunities for growth remain intact driven by strong economic fundamentals, favorable economic policies (such as PLI scheme, Aatmanirbhar Bharat Abhiyan and Startup India initiative), digital push, demographic dividend and growing global preference for India as an investment destination. Further, as the Company enters into FY 2022-23, the thrust on capital expenditure in Union Budget 2022 is a welcome move and expected to push demand through multiplier effect on the economy. Given the proactive efforts by the regulator and the push from the government to support growth, the Company expects the inflationary environment to soften and a large vaccinated population is likely to contain the impact of subsequent COVID-19 waves, which will give way to robust growth going forward. This in turn shall spur credit demand across retail, SME and corporate segments, and reflect in the performance of the financial services sector as a whole.

#### **NBFC segment in India**

The world seems to be recovering from the aftermath of the challenges posed in the last few years. Overall despite the challenges, India has emerged as a bright spot in terms of economic growth amidst an outlook of global slowdown. Recently, The World Bank has reported that India is better positioned to navigate global headwinds and handle global spillovers, as compared to other major emerging economies. The uptick in demand during the festive season is another reason which makes us optimistic.

CRISIL recently reported that riding on macroeconomic tailwinds, NBFCs are expected to see their AUM grow 11-12% — a four-year high — to Rs 13 lakh crore by the end of this fiscal. Also, it is heartening to see that the RBI and policymakers recognise the contribution of NBFCs in supporting real economic activity and meeting the credit demand, especially reaching the unbanked. The recent RBI Scale based norms is another welcome step for the industry that will elevate the status of NBFCs in line with several other public sector NBFCs. Under these revised norms, we expect to attain more operational flexibility to meet the increasing credit demand and aid India's economic growth.

## PUSHKAR BANIJYA LIMITED

A large number of our population remains largely unfamiliar with technology and face unique challenges in financial literacy. When it comes to serving the underbanked, Indian NBFCs and fintechs are leveraging technology and innovation to drive the financial inclusion agenda. In a scenario of rising interest rates and intense competition from banks, NBFCs will further need to focus on their pricing power to maintain profitability and also focus on higher-yield segments for growth. Needless to say, NBFCs with stronger business models, strong capital adequacy, strong underwriting capabilities and focus on digital strategy will continue to perform better and grow stronger in years to come.

In 2023, NBFCs will play a larger role in supporting the socioeconomic construct of the Indian economy. The opportunity for credit penetration still remains very high in India. The NBFCs can set a new benchmark by tying up with fintechs and introducing new business models with personalised offerings.

### Opportunities and Threats

The world seems to be recovering from the aftermath of the challenges posed in the last few years. Overall despite the challenges, India has emerged as a bright spot in terms of economic growth amidst an outlook of global slowdown. Recently, The World Bank has reported that India is better positioned to navigate global headwinds and handle global spillovers, as compared to other major emerging economies. The recent RBI Scale based norms is another welcome step for the industry that will elevate the status of NBFCs in line with several other public sector NBFCs. Under these revised norms, we expect to attain more operational flexibility to meet the increasing credit demand and aid India's economic growth.

To keep this momentum of growth going in 2023 as well, it is important to address the key challenges faced by the NBFC sector. One such challenge is the recent revision of securitization norms by RBI which state that loans with residual maturity of less than 365 days cannot be securitized. We do believe that this can have an impact on the level of securitization, as gold loans, MFI loans are of shorter duration. In a scenario of rising interest rates and intense competition from banks, NBFCs will further need to focus on their pricing power to maintain profitability and also focus on higher-yield segments for growth. Needless to say, NBFCs with stronger business models, strong capital adequacy, strong underwriting capabilities and focus on digital strategy will continue to perform better and grow stronger in years to come.

The NBFCs can set a new benchmark by tying up with fintechs and introducing new business models with personalized offerings.

### Business and Financial Overview

The year 2022-23 was a significant year for company in terms of revenue and profit. It has booked a Profit of Rs. 130.43 Lacs for the year ended 31st March 2023, which shows positive growth for the company.

### Discussion on financial performance with respect to operational performance

The company's financial statements were prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 ("the Act") read

## PUSHKAR BANIJYA LIMITED

with the companies (Indian Accounting Standards) Rules, 2015 as amended, other relevant provision of the Act and guidelines issued by the RBI.

### Summary of Key Financial Metrics and Key Ratios

Profit/(Loss) After Tax	130.43	238.42
EPS (Rs. per share)	2.62	4.79

### RISKS AND CONCERNS

In the backdrop of obvious rise in the scope of business and increased regulatory rigour, what remains challenging is the implementation of risk-management strategies in the sector to ensure that the business models remain viable, adequately ring-fenced and sustainable. In the realm of risk management, the asset quality norms will bring to focus any gaps in credit risk management due to SMA framework while the trends of risk adjusted yields on investment, treasury earnings and 'mark to market' obligations can reveal the shortcomings in market risk.

However, in any business, risks and prospects are inseparable. As a responsible management, the Company's principal Endeavour is to maximize returns. The Company continues to take all steps necessary to minimize its expenses through detailed studies and interaction with experts.

But any slackness in operational risk management (ORM), latent in the business, cannot come to fore quickly leading to accumulation of its adversity. ORM is inherent in people competency, inefficiency of technology and systemic failures that does not measure up immediately and cannot be quantified. They gradually erode the efficiency of the organisation drawing attention of stakeholders only after substantial damage is done. Timely and effective risk management is of prime importance to our continued success. The risk for the Company arises mainly out of the risks associated with the operations we carry. Experienced persons review and monitor risks in our Company. We have comprehensive risk management policies and processes to mitigate the risks that are encountered in conducting business activities. The management also periodically reviews the policies and procedures and formulates plans for control of identified risks and improvements in the systems.

### INTERNAL FINANCIAL CONTROL AND THEIR ADEQUACY

Pursuant to the provisions of the Companies Act, 2013, The Internal Financial Controls is defined under the Section 134 of the Companies Act 2013, provides for the practices and procedures adopted by the company for efficient conduct of its business operations, including adherence to the company's bylaws, safeguarding measures for its assets, vigilance over frauds, preparation of documents related to financial reporting, maintenance of accounting records.

An audit committee of Non-Banking Financial Company shall evaluate the Internal Financial Controls and risk management systems. An auditor shall report about the adequacy of the internal financial controls of an NBFC.

ICFR is applicable to all listed and public unlisted companies including small and one-person companies.

For strengthening Internal Financial Controls:

- Documentation of Risk matrix & revision of controls

- Testing of controls (Phased Testing)
- Planning & recommendations
- Mitigation of control weaknesses
- Implementation of Revised control framework
- Management of Internal Financial Control

The company has adequate and suitable internal control systems that are continuously monitored and updated to ensure that its assets are safeguarded. Adequacy of internal control systems are audited by internal auditors and the reports are reviewed by the audit committee on quarter basis.

**HUMAN RESOURCE- THE BACKBONE FOR NBFC**

Non-Banking Finance Companies are essential to the Indian Financial System because of the significant roles they play in nation building and financial inclusion. They complement the role of the banking sector in reaching out and extending credit facilities to the unbanked sections of society. Respectively, they always consider their employees as the backbone of their Companies and are aimed at providing employee satisfaction. However, developing an understanding of employees is a tough task for the Human Resource Department subjecting most of the NBFCs to higher attrition rates problems.

Non-Banking Finance Companies as any other Companies have always considered their employees as the backbone of their Companies and they are aimed at providing employee satisfaction enabling them to deliver better results year over year. Some are also committed in providing their employees with ample opportunities to learn and advance in their career in their quest for having a satisfied work force. Human Resource is concerned with the people dimension in an organization, hence the trend in organizations to re-designate Personnel Department into Human Resource Department. The functions undertaken by Human Resource Department are to recruit, select, train and develop employees for an organization. Today with companies having a global mix of employees, developing an understanding of employees is a tough task for the Human Resource Department. This affects employees' job satisfaction overtime.

**INDEPENDENT AUDITOR'S REPORT****To the Members of Pushkar Banijya Limited****Report on the Audit of the Standalone Financial Statements****Opinion**

We have audited the standalone financial statements of Pushkar Banijya Limited ("the Company"), which comprise the balance sheet as at 31<sup>st</sup> March 2023, and the statement of profit and loss, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, and its loss, changes in equity and its cash flows for the year ended on that date.

**Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

<b>Key Audit Matters</b>	<b>How our audit addressed the key audit matter</b>
<b><u>Investments in Securities</u></b>  Investments of the company represent in various quoted and unquoted equity shares. These constitute 46.13% of the Company's total assets. The valuation of each category	We have verified these investments and inventories with reference to the provisions of Indian Accounting Standards and also internal policies and procedure of the Company as follows:-

Key Audit Matters	Auditor's Response
<p>of the aforesaid securities is to be done as per the provisions of Indian Accounting Standards which involves collection of data/information from various sources. Considering the complexities and extent of judgement involved in the valuation, this has been determined as Key Audit Matter.</p> <p>Refer Note 4 to the standalone financial statements</p>	<p>carried out evaluation of the design and operating effectiveness of the internal controls and performed substantive audit procedures.</p> <p>Assessed and evaluated the process adopted for collection of information from various sources for determining fair value of these investments and inventories.</p> <p>Verified compliance with the presentation and disclosure requirements as per Indian Accounting Standards and the Act.</p>
<p><b><u>Impairment loss allowance of loans</u></b></p> <p>Impairment loss allowance of loans ("Impairment loss allowance") is a key audit matter as the Company has significant credit risk exposure. The value of loans on the balance sheet is significant and there is a high degree of complexity and judgment involved for the Company in estimating individual and collective credit impairment provisions, write-offs against these loans and to additionally determine the potential impact of unprecedented COVID-19 pandemic on asset quality and provision of the Company. Loans constitute 49.5% of the Company's total assets. Refer Note 3 to the standalone financial statements.</p>	<p>We started our audit procedures with the understanding of the internal control environment related to Impairment loss allowance. Our procedures over internal controls focused on recognition and measurement of impairment loss allowance. We assessed the design and tested the operating effectiveness of the selected key controls implemented by the Company. We also assessed whether the impairment methodology used by the Company is in accordance with the assumptions and methodology approved by the Board of Directors of the Company, which is based on and in compliance with Ind AS109, "Financial instruments". More particularly, we assessed the approach of the Company regarding the definition of default, Probability of Default, Loss Given Default and incorporation of forward-looking information for the calculation of ECL. For loans which are assessed for impairment on a portfolio basis, we performed particularly the following procedures:</p> <ul style="list-style-type: none"> <li>- tested the reliability of key data inputs and related management controls;</li> <li>- checked the stage classification as at the balance sheet date as per definition of default;</li> <li>- validated the ECL model and calculation;</li> </ul>

**In Information Other than the Standalone Financial Statements and Auditor's Report Thereon**

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis Board's report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

**Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

**Auditor's Responsibilities for the Audit of the Standalone Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will

always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

**Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the Annexure "A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

**Annexure “A” to the Independent Auditor’s Report**

The Annexure referred to in our report to the members of the Company on the standalone financial statements for the year ended on March 31, 2023.

In term of the information and explanations given to us and books of account examined by us in the normal course of audit and to the best of our knowledge and belief, we report that:

- 1)(a)(A) The company has maintained reasonable records showing full particulars, quantitative details and situation of Property, Plant and Equipment.
  - (a)(B) The Company had neither Intangible Assets as on 31st March 2023 nor at any time during the financial year ended 31st March 2023. Accordingly, reporting under clause 3(i)(a)(B) of the Order is not applicable to the Company.
  - (b) The Company has a program of verification to cover all the items of Property, Plant and Equipment in a phased manner which, in our opinion, is reasonable having regard to the size of the company and the nature of its assets. Pursuant to the program, certain Property, Plant and Equipment were physically verified by the management during the year. According to the information and explanation given to us, no material discrepancies were noticed on such verification.
  - (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties, as disclosed in Note 7 on Property, Plant and Equipment to the financial statements, are held in the name of the Company.
  - (d) The Company has not revalued its Property, Plant and Equipment (including Right of Use assets) during the year. The Company had neither Intangible Assets as on 31st March 2023 nor at any time during the financial year ended 31st March 2023.
  - (e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, in our opinion, no proceedings have been initiated or are pending against the company for holding any Benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.
- 2) (a) The company has neither purchased / sold goods during the year nor is there any opening stocks. Accordingly, reporting under clause 3(ii)(a) of the Order is not applicable to the Company.
  - (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been sanctioned any working capital limits from banks or financial institution on the basis of security of current assets during the financial year. Accordingly, reporting under clause 3(ii)(b) of the Order is not applicable to the Company.
- 3) (a) The Company is a Non-Banking Finance Company and its principal business is to give loans. Accordingly, the provision of clause 3(iii)(a) of the Order is not applicable to it.

- (b) In our opinion and according to the information and explanations given to us, the investments made and the terms and conditions of the grant of all loans provided during the year are, prima facie, not prejudicial to the Company's interest.

According to the information and explanations given to us and on the basis of our examination of the records of the Company, during the year the company has not provided any guarantees, security or advances in the nature of loans or guarantee to companies, firms, Limited Liability Partnership and other parties.

- (c) The Company, being a Non-Banking Financial Company ('NBFC'), registered under provisions of RBI Act, 1934 and rules made thereunder, in pursuance of its compliance with provisions of the said Act/Rules, particularly, the Income Recognition, Asset Classification and Provisioning Norms, monitors repayments of principal and payment of interest by its customers as stipulated. In our opinion and according to the information and explanations given to us, in respect of loans and advances in the nature of loans, the schedule of repayment of principal and payment of interest has been stipulated and in cases where repayment of principal and payment of interest is not received as stipulated, the cognizance thereof is taken by the Company in course of its periodic regulatory reporting. Details of such loans which are not repaid by borrowers as per stipulations are mentioned as below. According to the information and explanation made available to us, reasonable steps are taken by the Company for recovery thereof.

report that the company has not raised loans during the year on the pledge of securities held in its associate companies.

- 10) (a) According to the records of the company, the company has not raised any moneys by way of Initial Public Offer or Further Public Offer (including debt instruments) during the year. Accordingly, reporting under clause 3(x)(a) of the Order is not applicable to the Company.  
(b) According to the records of the company, the company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, reporting under clause 3(x)(b) of the Order is not applicable to the Company.
- 11) (a) During the course of our examination of the books and records of the company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of fraud on or by the company, noticed or reported during the year, nor we have been informed of such case by the management.  
(b) To the best of our knowledge and information with us, there is no instance of fraud reportable under sub-section (12) of section 143 of the Companies Act required to be file in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.  
(c) As per information and explanations given by management and/or audit committee there were no whistle blower complaints received by the company during the year.
- 12) In our opinion and to the best of our information & explanations provided by the management, the company is not a nidhi company. Accordingly, reporting under clause 3(xii) of the Order is not applicable to the Company.
- 13) According to the information and explanations given to us and based on our examination of the records of the Company, all transactions with the related parties are in compliance with section 177 and 188 of Companies Act, 2013 where applicable and the details have been disclosed in the Financial Statements etc. as required by the applicable accounting standards.
- 14) (a) In our opinion and based on our examination, the company has an internal audit system commensurate with the size and nature of its business.  
(b) We have considered the internal audit reports of the company issued till date, for the period under audit.
- 15) According to the information and explanations given to us, in our opinion during the year the company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the company.

**Annexure “B” to the Standalone Independent Auditor’s Report**

**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)**

We have audited the internal financial controls over financial reporting of Pushkar Baniya Limited (“the Company”) as of March 31, 2023 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

**Management’s Responsibility for Internal Financial Controls**

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**Auditors’ Responsibility**

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

**Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

**Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

**Notes to standalone financial statements for the year ended 31 March 2023**

**A. CORPORATE INFORMATION**

Pushkar Banijya Limited having its registered office at 19, Synagouge Street, City Centre, 5th Floor, Unit No. 510, Kolkata 700001 is a Non-Deposit taking Non-Banking Finance Company (registered with Reserve Bank of India) and is engaged in Loan Financing and Investing & Trading in Shares and Securities.

**B. SIGNIFICANT ACCOUNTING POLICIES**

**B.1 Basis of Preparation**

The financial statements of the Company have been prepared to comply with the Indian Accounting standards ('Ind AS'), including the rules notified under the relevant provisions of the Companies Act, 2013.

The financial statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value.

- a. Certain financial assets at fair value (refer accounting policy regarding financial instruments).

The financial statements are presented in Indian Rupees (₹ Lakhs).

**Use of Estimates and Judgement**

The preparation of financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of the accounting policies and the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the year. Actual results could differ from those estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Appropriate changes in estimates are recognized in the period in which the Company becomes aware of the changes in circumstances surrounding the estimates. Any revisions to accounting estimates are recognized prospectively in the period in which the estimate is revised and future periods.

**B.2 Significant Accounting Policies**

- a) Financial Instruments – Initial recognition, subsequent measurement and impairment

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equally instrument of another entity.

**Financial and Non-Financial Classification**

The company presents assets and liabilities in statement of financial position based on financial / non-financial classification.

The company has presented financial assets and non-financial assets before financial liabilities, non-financial liabilities and equity in accordance with Schedule III, Division III of Companies Act, 2013 notified by Ministry of Corporate Affairs.

**Notes to standalone financial statements for the year ended 31 March 2023****Financial Assets****Initial Recognition and Measurement**

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Financial assets are classified, at initial recognition, as financial assets measured at fair value or as financial assets measured at amortised cost.

**Financial Assets – Subsequent Measurement**

For the purpose of subsequent measurement, financial assets are classified in two broad categories:-

- a) Financial Assets at fair value
- b) Financial assets at amortised cost

Where assets are measured at fair value, gains and losses are either recognised entirely in the statement of profit and loss (i.e. fair value through profit or loss) or recognised in other comprehensive income (i.e. fair value through other comprehensive income)

A financial asset that meets the following two conditions is measured at amortised cost (net of any write down for impairment) unless the asset is designated at fair value through profit or loss under the fair value option.

- a) Business Model Test: The objective of the Company's business model is to hold the financial asset to collect the contractual cash flow (rather than to sell the instrument).
- b) Cash Flow Characteristics Test: The contractual terms of the financial asset give rise on specified dates to cash flow that are solely payments of principal and interest on the principal amount outstanding.

A financial asset that meets the following two conditions is measured at fair value through other comprehensive income unless the asset is designated at fair value through profit or loss under the fair value option.

- a) Business Model Test: The financial asset is held within a business model whose objective is achieved by both collecting contractual cash flow and selling financial assets.
- b) Cash Flow characteristics Test: The contractual terms of the financial asset give rise on specified dates to cash flow that are solely payments of principal and interest on the principal amount outstanding.

Even if an instrument meets the two requirements to be measured at amortised cost or fair value through other comprehensive, a financial asset is measured at fair value through profit or loss if doing so eliminates or significantly reduces a measurement or recognition inconsistency (sometimes referred to as an accounting mismatch) that would otherwise arise from measuring assets or liabilities or recognising the gains and losses on them on different bases. All other financial assets are measured at fair value through profit or loss.

**Notes to standalone financial statements for the year ended 31 March 2023**Equity instruments

Equity instruments are instruments that meet the definition of equity from the issuer's perspective; that is, instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets.

All investments in equity instruments classified under financial assets are initially measured at fair value, the Company may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. A fair value change on an equity instrument is recognised as revenue from operations in the Statement of Profit and Loss unless the Company has elected to measure such instrument at FVOCI. Dividend income on the investments in equity instruments are recognised as 'Revenue from operations' in the Statement of Profit and Loss.

Investments in mutual funds

Investments in mutual funds are measured at fair value through profit and loss (FVTPL).

Impairment of Financial Assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

The Company recognizes impairment allowances using Expected Credit Losses ("ECL") method on all the financial assets that are not measured at FVTPL:

ECL is probability-weighted estimate of credit losses. They are measured as follows:

- Financial assets that are not credit impaired – as the present value of all cash shortfalls that are possible within 12 months after the reporting date.
- Financial assets with significant increase in credit risk - as the present value of all cash shortfalls that result from all possible default events over the expected life of the financial assets.
- Financial assets that are credit impaired – as the difference between the gross carrying amount and the present value of estimated cash flows.

Financial assets are written off / fully provided for when there is no reasonable of recovering a financial asset in its entirety or a portion thereof. However, financial assets that are written off could still be subject to enforcement activities under the Company's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in the Statement of Profit and Loss.

**Notes to standalone financial statements for the year ended 31 March 2023****Financial Assets – De-recognition**

A financial asset (or where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Company's statement of financial position) when:

- a) The rights to receive cash flows from the asset have expired or
- b) The Company has transferred its rights to receive cash flow from the asset or has assumed an obligation to pay the received cash flow in full without material delay to a third party under a pass-through arrangement and either i) the company has transferred substantially all the risks and rewards of the asset, or ii) the company has neither transferred nor retained substantially all the risks and rewards of the assets, but has transferred control of the asset.

When the company has transferred its rights to receive cash flow from an asset or has entered into a pass through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the company could be required to repay.

**Financial Liabilities****Initial Recognition and Measurement**

The financial liabilities are recognised initially at fair value and in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payable, loans and borrowings including bank overdrafts.

**Financial Liabilities – Subsequent Measurement**

The measurement of financial liabilities depends on their classification, as described below:

**Financial liabilities at fair value through profit or loss**

Financial Liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

**Notes to standalone financial statements for the year ended 31 March 2023**

Gains or losses on liabilities held for trading are recognised in the statement of profit and loss.

Financial Liabilities – Loans and Borrowings

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using Effective Interest Rate (EIR) Method. Gains and losses are recognised in profit and loss when the liabilities are de-recognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR.

a) Financial Liabilities – De-recognition

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

b) Fair Value Measurement :

The company measures financial instruments at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either.

- a) In the principal market for the asset or liability or
- b) In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of non-financial asset takes into account a market participants ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

**Notes to standalone financial statements for the year ended 31 March 2023**

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole.

- a) Level1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- b) Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- c) Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

c) Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable rights to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable rights must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the company or counterparty.

d) Impairment of Non-Financial Assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or Cash Generating Units (CGU) fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent to those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less cost of disposal recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples or other available fair value indicators.

**Notes to standalone financial statements for the year ended 31 March 2023****e) Provisions, contingent liabilities, contingent assets and commitments**

Provisions are recognised when the company has a present obligations (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligations and a reliable estimate can be made of the amount of the obligations. Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. Unwinding of the discount is recognised in the statement of Profit and loss as a finance cost. Provisions are reviewed at each balance sheet date and are adjusted to reflect the current best estimate.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. Information on contingent liability is disclosed in the Notes to be Financial Statements.

Contingent assets are not recognised. However, when the realisation of income is virtually certain, then the related asset is no longer a contingent asset, but it is recognised as an asset.

**f) Earnings per share**

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period.

Diluted earnings per share is computed by dividing the net profit for the period attributable to equity shareholders by the weighted average number of shares outstanding during the period as adjusted for the effects of all diluted potential equity shares except where the results are anti-dilutive.

The number of equity shares and potential dilutive equity shares are adjusted retrospectively for all periods presented for any share split and bonus shares issues including for changes effected prior to the approval of the financial statements by the Board of Directors.

**g) Cash Flow Statement**

Cash flows are reported using the indirect method, whereby profit/loss before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing flows. The cash flows from operating, investing and financing activities of the company are segregated.

**Notes to standalone financial statements for the year ended 31 March 2023****h) An assets is classified as current when it is:**

- Expected to be realised or intended to be sold or consumed in normal operating cycle.
- Held primarily for the purpose of trading.
- Expected to be realised within twelve months after the reporting period or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is classified as current when it is:

- Expected to be settled in normal operating cycle
- Held primarily for the purpose of trading
- Due to be settled within twelve months after the reporting period or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. Deferred tax assets and liabilities are classified as non-current assets and liabilities. The company has identified twelve months as its normal operating cycle.

**i) Cash and Cash Equivalents**

Cash and cash equivalent in the balance sheet comprise cash at banks, cash in hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

**j) Employee Benefits**

Payment of Gratuity Act is not applicable to the company as numbers of employees are less than the minimum required for applicability of Gratuity Act.

**k) Tax Expenses**

The tax expense for the period comprises of current and deferred tax. Tax is recognised in Statement of Profit & Loss except to the extent that it relates to items

**Notes to standalone financial statements for the year ended 31 March 2023**

recognised in the comprehensive income or directly in equity respectively, in that case the tax is also recognised in other comprehensive income or equity.

**Current Tax**

Current tax is measured at the amount of tax expected to be payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961. Current tax assets and current tax liabilities are off set when there is a legally enforceable right to set off the recognized amounts and there is an intention to settle the asset and the liability on a net basis.

**Deferred Tax**

Deferred tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled. The carrying amount of deferred tax liabilities and assets are reviewed at the end of each reporting period.

**I) Revenue Recognition and Other Income****Sale of Securities**

Revenue from sale of shares is recognized when the significant risks of ownership have been transferred to the buyer.

**Interest income**

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts through the expected life of the financial instrument or, where appropriate, a shorter period to the net carrying amount of the financial asset. Interest income is included in the other income in the statement of profit and loss.

**Dividend Income**

Dividend income is accounted for when the right to receive the income is established.

**B.3 Significant Accounting Judgement, Estimates and Assumptions**

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets, and liabilities and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future period. The key assumptions concerning the future and

**Notes to standalone financial statements for the year ended 31 March 2023**

other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the company. Information about critical judgments in applying accounting policies, as well as estimates and assumptions that have the most significant effect on the amounts recognised in the financial statements are included in the following notes:

**Contingencies**

Management has estimated the possible outflow of resources at the end of each annual reporting period, if any, in respect of contingencies / claim / litigations against the company as it is not possible to predict the outcome of pending matters with accuracy.

**Fair Value Measurement of Financial Instruments**

When the fair value of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

**Allowance for impairment of financial asset**

Judgements are required in assessing the recoverability of overdue loans and determining whether a provision against those loans is required. Factors considered include the aging of past dues, value of collateral and any possible actions that can be taken to mitigate the risk of non-payment.

**Recognition of deferred tax assets**

Deferred tax assets are recognised for unused tax-loss carry forwards and unused tax credits to the extent that realisation of the related tax benefit is probable. The assessment of the probability with regard to the realisation of the tax benefit involves assumptions based on the history of the entity and budgeted data for the future

**Notes to standalone financial statements for the year ended 31 March 2023**

Cash and cash equivalents: Credit risk related to cash and cash equivalents is managed by only accepting highly rated banks.

Trade / Other receivables: Trade / Other receivables measured at amortized cost and credit risk related to these are managed by monitoring the recoverability of such amounts continuously.

Loans: The Company closely monitors the credit-worthiness of the borrower's through internal systems to assess the credit risk and define credit limits of borrower, thereby, limiting the credit risk to pre-calculated amounts. These processes include a detailed appraisal methodology, identification of risks and suitable structuring and credit risk mitigation measures. The Company assesses increase in credit risk on an ongoing basis for amount of loan receivables that become past due and default is considered to have occurred when amounts receivable become 6 month past due.

Other financial assets measured at amortized cost: Other financial assets measured at amortized cost includes security deposits and others. Credit risk related to these other financial assets is managed by monitoring the recoverability of such amounts continuously.

**v Liquidity Risk:**

Liquidity risk arises from the Company's inability to meet its cash flow commitments on time. Prudent liquidity risk management implies maintaining sufficient stock of cash and marketable securities (₹ 1,346.97 Lakhs as on 31st March 2023; ₹ 2,949.96 Lakhs as on 31st March 2022). Company accesses financial markets to meet its liquidity requirements.

The Company's liquidity is managed centrally with operating units forecasting their cash and liquidity requirements. Treasury pools the cash surpluses from across the different operating units and then arranges to either fund the net deficit or invest the net surplus in the market.

**INDEPENDENT AUDITOR'S REPORT**  
**To the Members of Pushkar Banijya Limited****Report on the Audit of the Consolidated Financial Statements****Opinion**

We have audited the accompanying consolidated financial statements of Pushkar Banijya Limited (hereinafter referred to as the 'Holding Company' or "the Group") and its associates which comprise the consolidated Balance Sheet as at March 31, 2023, and the consolidated statement of Profit and Loss the consolidated statement of changes in equity and the consolidated cash flows Statement for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ('Ind AS') specified under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group and its associates as at March 31, 2023, of consolidated loss, consolidated changes in equity and its consolidated cash flows for the year then ended.

**Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group and its associates in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in India in terms of the Code of Ethics issued by ICAI and the relevant provisions of the Companies Act, 2013, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matter	How our audit addressed the key auditmatter
<p><b><u>Investments and Inventories in Securities</u></b>  Investments and inventories of the company represent in various quoted and unquoted equity shares.  These constitute 43.55% of the Company's total assets.  The valuation of each category of the aforesaid securities is to be done as per the provisions of Indian Accounting Standards which involves collection of data/information from various sources. Considering the complexities and extent of judgement involved in the valuation, this has been determined as Key Audit Matter. Refer Note 4 and 5 to the consolidated financial statements</p>	<p>We have verified these investments and inventories with reference to the provisions of Indian Accounting Standards and also internal policies and procedure of the Company as follows:</p> <ul style="list-style-type: none"> <li>• carried out evaluation of the design and operating effectiveness of the internal controls and performed substantive audit procedures.</li> <li>• Assessed and evaluated the process adopted for collection of information from various sources for determining fair value of these investments and inventories.</li> <li>• Verified compliance with the presentation and disclosure requirements as per Indian Accounting Standards and the Act.</li> </ul>
<p><b><u>Impairment loss allowance of loans</u></b>  Impairment loss allowance of loans ("Impairment loss allowance") is a key audit matter as the Company has significant credit risk exposure. The value of loans on the balance sheet is significant and there is a high degree of complexity and judgment involved for the Company in estimating individual and collective credit impairment provisions, write-offs against these loans and to additionally determine the potential impact of unprecedented COVID-19 pandemic on asset quality and provision of the Company.  Loans constitute 52.08% of the Company's total assets.  Refer Note 3 to the consolidated financial statements.</p>	<p>We started our audit procedures with the understanding of the internal control environment related to Impairment loss allowance. Our procedures over internal controls focused on recognition and measurement of impairment loss allowance. We assessed the design and tested the operating effectiveness of the selected key controls implemented by the Company. We also assessed whether the impairment methodology used by the Company is in accordance with the assumptions and methodology approved by the Board of Directors of the Company, which is based on and in compliance with Ind AS 109, "Financial instruments". More particularly, we assessed the approach of the Company regarding the definition of default, Probability of Default, Loss Given Default and incorporation of forward-looking information for the calculation of ECL. For loans which are assessed for impairment on a portfolio basis, we performed particularly the following procedures:</p> <ul style="list-style-type: none"> <li>- tested the reliability of key data inputs and related management controls;</li> <li>- checked the stage classification as at the balance sheet date as per definition of default;</li> <li>- validated the ECL model and calculation;</li> </ul>

**Information Other than the Consolidated Financial Statements and Auditor's Report Thereon**

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis Board's report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

**Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements**

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Companies Act, 2013 (the Act) that give a true and fair view of the consolidated financial position, consolidated financial performance, changes in equity and consolidated cash flows of the Group including its associates in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. The respective Board of Directors of the companies included in the Group and of its associates are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associates are responsible for assessing the ability of the Group and of its associates to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associates are responsible for overseeing the financial reporting process of the Group and of its associates.

**Auditor's Responsibilities for the Audit of the Consolidated Financial Statements**

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associates to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associates to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associates to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision

and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Other Matters**

The consolidated financial statements include the Group's share of total comprehensive loss of ₹7.82 Lakhs for the year ended 31st March, 2023, as considered in the consolidated financial statements, in respect of "9" associates, whose financial statements have not been audited by us. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these associate, and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid associate, is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements certified by the Management.

#### **Report on Other Legal and Regulatory Requirements**

**Annexure “B” to the Consolidated Independent Auditor’s Report****Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)**

We have audited the internal financial controls over financial reporting of Pushkar Banijsa Limited (“the Company”) and its associates as of March 31, 2023 in conjunction with our audit of the consolidated financial statements of the Company for the year ended on that date.

**Management’s Responsibility for Internal Financial Controls**

The respective Board of Directors of the Holding Company, its subsidiaries and its associate all incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by these entities, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**Auditors’ Responsibility**

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence obtained by us and the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company, its subsidiaries and its associate incorporated in India, internal financial controls system over financial reporting.

**Meaning of Internal Financial Controls over Financial Reporting**

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of

## PUSHKAR BANIJYA LIMITED

financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors, as referred to in the Other Matters paragraph, the Holding Company, its subsidiaries and its associate which are incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

### **Other Matters**

Our aforesaid reports under section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls system with reference to the Consolidated Financial Statements in so far as it relates to "9" associates which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies. Our opinion is not modified in respect of this matter.

**Notes to Consolidated Financial Statements as on and for the year ended 31st March, 2023****A. CORPORATE INFORMATION**

Pushkar Banijya Limited having its registered office at 19, Synagouge Street, City Centre, 5th Floor, Unit No. 510, Kolkata 700001 is a Non-Deposit taking Non-Banking Finance Company (registered with Reserve Bank of India) and is engaged in Loan Financing and Investing & Trading in Shares and Securities. Pushkar Banijya Limited hereinafter referred to as “the Group” or “the Company”.

**B. SIGNIFICANT ACCOUNTING POLICIES****B.1 Basis of Preparation**

The consolidated financial statements of the Group have been prepared to comply with the Indian Accounting Standards ('Ind AS'), including the rules notified under the relevant provisions of the Companies Act, 2013.

The consolidated financial statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value.

- a. Certain financial assets at fair value (refer accounting policy regarding financial instruments).

The consolidated financial statements are presented in Indian Rupees (₹ Lakhs).

**Use of Estimates and Judgement**

The preparation of consolidated financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of the accounting policies and the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the year. Actual results could differ from those estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Appropriate changes in estimates are recognized in the period in which the Company becomes aware of the changes in circumstances surrounding the estimates. Any revisions to accounting estimates are recognized prospectively in the period in which the estimate is revised and future periods.

**Basis of Consolidation**

Investment in Associates is accounted in accordance with Ind AS-28 on “Investments in Associates and Joint Ventures”, under equity method. The difference between cost of investment in the associates and the share of net assets at the time of acquisition of shares in the associates is identified in the consolidated financial statements as Goodwill or Capital Reserve as the case may be. The Consolidated Financial Statements (CFS) includes the financial statements of the Company and its associates.

Associates are entities controlled by the Group. Control is assessed annually with reference to the voting power (usually arising from equity shareholdings and potential voting rights) and other rights (usually contractual) enjoyed by the Group in its capacity as an investor that provides it the power and consequential ability to direct the investee's activities and significantly affect the Group's returns from its investment. Such assessment requires the exercise of judgement and is disclosed by way of a note to the Financial Statements.

**B.2 Significant Accounting Policies****a) Financial Instruments – Initial recognition, subsequent measurement and impairment**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equally instrument of another entity.

**Financial and Non-Financial Classification**

The company presents assets and liabilities in statement of financial position based on financial / non-financial classification.

The company has presented financial assets and non-financial assets before financial liabilities, non-financial liabilities and equity in accordance with Schedule III, Division III of Companies Act, 2013 notified by Ministry of Corporate Affairs.

**Financial Assets****Initial Recognition and Measurement**

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Financial assets are classified, at initial recognition, as financial assets measured at fair value or as financial assets measured at amortised cost.

**Financial Assets – Subsequent Measurement**

For the purpose of subsequent measurement, financial assets are classified in two broad categories:-

- a) Financial Assets at fair value
- b) Financial assets at amortised cost

Where assets are measured at fair value, gains and losses are either recognised entirely in the statement of profit and loss (i.e. fair value through profit or loss) or recognised in other comprehensive income (i.e. fair value through other comprehensive income)

A financial asset that meets the following two conditions is measured at amortised cost (net of any write down for impairment) unless the asset is designated at fair value through profit or loss under the fair value option.

- a) **Business Model Test:** The objective of the Company's business model is to hold the financial asset to collect the contractual cash flow (rather than to sell the instrument).
- b) **Cash Flow Characteristics Test:** The contractual terms of the financial asset give rise on specified dates to cash flow that are solely payments of principal and interest on the principal amount outstanding.

A financial asset that meets the following two conditions is measured at fair value through other comprehensive income unless the asset is designated at fair value through profit or loss under the fair value option.

**Notes to Consolidated Financial Statements as on and for the year ended 31st March, 2023**

- a) Business Model Test: The financial asset is held within a business model whose objective is achieved by both collecting contractual cash flow and selling financial assets.
- b) Cash Flow characteristics Test: The contractual terms of the financial asset give rise on specified dates to cash flow that are solely payments of principal and interest on the principal amount outstanding.

Even if an instrument meets the two requirements to be measured at amortised cost or fair value through other comprehensive, a financial asset is measured at fair value through profit or loss if doing so eliminates or significantly reduces a measurement or recognition inconsistency (sometimes referred to as an accounting mismatch) that would otherwise arise from measuring assets or liabilities or recognising the gains and losses on them on different bases. All other financial assets are measured at fair value through profit or loss.

Equity instruments

Equity instruments are instruments that meet the definition of equity from the issuer's perspective; that is, instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets.

All investments in equity instruments classified under financial assets are initially measured at fair value, the Company may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. A fair value change on an equity instrument is recognised as revenue from operations in the Statement of Profit and Loss unless the Company has elected to measure such instrument at FVOCI. Dividend income on the investments in equity instruments are recognised as 'Revenue from operations' in the Statement of Profit and Loss.

Investments in mutual funds

Investments in mutual funds are measured at fair value through profit and loss (FVTPL).

Impairment of Financial Assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

The Company recognizes impairment allowances using Expected Credit Losses ("ECL") method on all the financial assets that are not measured at FVTPL:

ECL is probability-weighted estimate of credit losses. They are measured as follows:

- Financial assets that are not credit impaired – as the present value of all cash shortfalls that are possible within 12 months after the reporting date.

**Notes to Consolidated Financial Statements as on and for the year ended 31st March, 2023**

- Financials assets with significant increase in credit risk - as the present value of all cash shortfalls that result from all possible default events over the expected life of the financial assets.
- Financials assets that are credit impaired – as the difference between the gross carrying amount and the present value of estimated cash flows.

Financial assets are written off / fully provided for when there is no reasonable of recovering a financial asset in its entirety or a portion thereof. However, financial assets that are written off could still be subject to enforcement activities under the Company's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in the Statement of Profit and Loss.

**Financial Assets – De-recognition**

A financial asset (or where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Company's statement of financial position) when:

- a) The rights to receive cash flows from the asset have expired or
- b) The Company has transferred its rights to receive cash flow from the asset or has assumed an obligation to pay the received cash flow in full without material delay to a third party under a pass-through arrangement and either i) the company has transferred substantially all the risks and rewards of the asset, or ii) the company has neither transferred nor retained substantially all the risks and rewards of the assets, but has transferred control of the asset.

When the company has transferred its rights to receive cash flow from an asset or has entered into a pass through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the company could be required to repay.

**Financial Liabilities****Initial Recognition and Measurement**

The financial liabilities are recognised initially at fair value and in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payable, loans and borrowings including bank overdrafts.

**Notes to Consolidated Financial Statements as on and for the year ended 31st March, 2023****Financial Liabilities – Subsequent Measurement**

The measurement of financial liabilities depends on their classification, as described below:

**Financial liabilities at fair value through profit or loss**

Financial Liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

Gains or losses on liabilities held for trading are recognised in the statement of profit and loss.

**Financial Liabilities – Loans and Borrowings**

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using Effective Interest Rate (EIR) Method. Gains and losses are recognised in profit and loss when the liabilities are de-recognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR.

**Financial Liabilities – De-recognition**

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

**b) Fair Value Measurement :**

The company measures financial instruments at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either.

- a) In the principal market for the asset or liability or
- b) In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of non-financial asset takes into account a market participants ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

**Notes to Consolidated Financial Statements as on and for the year ended 31st March, 2023**

The company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole.

- a) Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- b) Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- c) Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the consolidated financial statements on a recurring basis, the company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

c) Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable rights must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the company or counterparty.

d) Impairment of Non-Financial Assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or Cash Generating Units (CGU) fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent to those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less cost of disposal recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples or other available fair value indicators.

**Notes to Consolidated Financial Statements as on and for the year ended 31st March, 2023****e) Provisions, contingent liabilities, contingent assets and commitments**

Provisions are recognised when the company has a present obligations (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligations and a reliable estimate can be made of the amount of the obligations. Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. Unwinding of the discount is recognised in the statement of Profit and loss as a finance cost. Provisions are reviewed at each balance sheet date and are adjusted to reflect the current best estimate.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. Information on contingent liability is disclosed in the Notes to consolidated Financial Statements.

Contingent assets are not recognised. However, when the realisation of income is virtually certain, then the related asset is no longer a contingent asset, but it is recognised as an asset.

**f) Earnings per share**

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period.

Diluted earnings per share is computed by dividing the net profit for the period attributable to equity shareholders by the weighted average number of shares outstanding during the period as adjusted for the effects of all diluted potential equity shares except where the results are anti-dilutive.

The number of equity shares and potential dilutive equity shares are adjusted retrospectively for all periods presented for any share split and bonus shares issues including for changes effected prior to the approval of the consolidated financial statements by the Board of Directors.

**g) Cash Flow Statement**

Cash flows are reported using the indirect method, whereby profit/loss before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing flows. The cash flows from operating, investing and financing activities of the company are segregated.

h) An assets is classified as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle.
- Held primarily for the purpose of trading.
- Expected to be realised within twelve months after the reporting period or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is classified as current when it is:

- Expected to be settled in normal operating cycle
- Held primarily for the purpose of trading
- Due to be settled within twelve months after the reporting period or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. Deferred tax assets and liabilities are classified as non-current assets and liabilities. The company has identified twelve months as its normal operating cycle.

i) Cash and Cash Equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks, cash in hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

j) Employee Benefits

Payment of Gratuity Act is not applicable to the company as numbers of employees are less than the minimum required for applicability of Gratuity Act.

k) Tax Expenses

The tax expense for the period comprises of current and deferred tax. Tax is recognised in Statement of Profit & Loss except to the extent that it relates to items recognised in the comprehensive income or directly in equity respectively, in that case the tax is also recognised in other comprehensive income or equity.

Current Tax

Current tax is measured at the amount of tax expected to be payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961. Current tax assets and current tax liabilities are off set when there is

**Notes to Consolidated Financial Statements as on and for the year ended 31st March, 2023**

a legally enforceable right to set off the recognized amounts and there is an intention to settle the asset and the liability on a net basis.

**Deferred Tax**

Deferred tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. Deferred tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled. The carrying amount of deferred tax liabilities and assets are reviewed at the end of each reporting period.

**I) Revenue Recognition and Other Income****Sale of Securities**

Revenue from sale of shares is recognized when the significant risks of ownership have been transferred to the buyer.

**Interest income**

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts through the expected life of the financial instrument or, where appropriate, a shorter period to the net carrying amount of the financial asset. Interest income is included in the other income in the statement of profit and loss.

**Dividend Income**

Dividend income is accounted for when the right to receive the income is established.

**B.3 Significant Accounting Judgement, Estimates and Assumptions**

The preparation of the consolidated financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets, and liabilities and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future period. The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The company based its assumptions and estimates on parameters available when the consolidated financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the company. Information about critical judgments in applying accounting policies, as well as estimates and assumptions that have the most significant effect on the amounts recognised in the consolidated financial statements are included in the following notes:

#### Contingencies

Management has estimated the possible outflow of resources at the end of each annual reporting period, if any, in respect of contingencies / claim / litigations against the company as it is not possible to predict the outcome of pending matters with accuracy.

#### Fair Value Measurement of Financial Instruments

When the fair value of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

#### Allowance for impairment of financial asset

Judgements are required in assessing the recoverability of overdue loans and determining whether a provision against those loans is required. Factors considered include the aging of past dues, value of collateral and any possible actions that can be taken to mitigate the risk of non-payment.

#### Recognition of deferred tax assets

Deferred tax assets are recognised for unused tax-loss carry forwards and unused tax credits to the extent that realisation of the related tax benefit is probable. The assessment of the probability with regard to the realisation of the tax benefit involves assumptions based on the history of the entity and budgeted data for the future.

Sub: Email Communication with Shareholders

Shareholders may elect to receive shareholder communications, including the Annual Report and notices of meetings, in electronic form rather than by post. It has many advantages, like:

- Speedier delivery of shareholder communications;
- Complying with the "Green Initiative" of the Ministry of Corporate Affairs and saving the environmental resources.
- Reducing costs for the Company on the delivery of documents.

To avail of these benefits the Shareholders need to register their Email-ID with the Company.

### Registration Process

Please fill in the attached form given below and send it to our Registrars, M/s. Niche Technologies Pvt Ltd by post.

The Annual Report 2023, standard downloadable forms and other Shareholder communications are also available on the Company's website: [www.pushkarbanijya.com](http://www.pushkarbanijya.com).

Please note that the Company will continue to service documents/notices through post to the Shareholders who do not opt to receive the documents/notices by email.

Yours faithfully,  
Pushkar Banijya Limited

## **INSTRUCTIONS**

### **General Instructions**

1. Shareholders have option to vote either through e-voting i.e. electronic means or to convey assent/dissent in physical form. If a shareholder has opted for Physical Assent/Dissent Form, then he/she should not vote by e-voting and vice versa. However, in case Shareholders cast their vote through both physical assent/dissent form and e-voting, then vote cast through physical assent/dissent shall be considered, subject to the assent/dissent Form being found to be valid and vote cast through e-voting shall be treated as invalid.
2. The Notice of Annual General Meeting is dispatched/e-mailed to the members whose names appear on the Register of Members as on date and voting rights shall be reckoned on the paid up value of the shares registered in the name of the shareholders as on the said date.
3. Voting through physical Assent/Dissent form cannot be exercised by a proxy. However, corporate and institutional shareholders shall be entitled to vote through their authorized representatives with proof of their authorization, as stated below.

### **Instructions for voting physically on Assent/Dissent Form**

1. A Member desiring to vote by Assent/dissent should complete this form (no other form or photocopy thereof is permitted) and send it to the Scrutinizer, Mr. Anuj Saraswat and send the same at their cost to reach the Scrutinizer at the registered office of the Company on or before the close of working hours i.e. 5.00 p.m. on September 30, 2023. All forms received after this date will be strictly treated as if the reply from such Member has not been received.
2. This Form should be completed and signed by the shareholder (as per the specimen signature registered with the Company/Depository Participants). In case of joint holding, this form should be completed and signed by the first name Shareholder and in his absence, by the next named Shareholder.
3. In respect of shares held by corporate and institutional shareholders (companies, trusts, societies, etc.), the completed Assent/Dissent Form should be accompanied by a certified copy of the relevant Board Resolution/appropriate authorization, with the specimen signature(s) of the authorized signatory(ies) duly attested.
4. The consent must be accorded by recording the assent in the column 'FOR' or dissent in the column 'AGAINST' by placing a tick mark (✓) in the appropriate column in the Form. The assent or dissent received in any other form shall not be considered valid.
5. Members are requested to fill the Form in indelible ink and avoid filling it by using erasable writing medium(s) like pencil.
6. There will be one Assent/Dissent form for every folio /Client id irrespective of the number of joint holders.
7. A member may request for a duplicate Assent/Dissent Form, if so required, and the same duly completed should reach the Scrutinizer not later than the date specified under the instruction No.1 above.
8. Members are requested not to send any other paper along with Assent/Dissent Form. They are also requested not to write anything in the Assent/Dissent form excepting giving their assent or dissent and putting their signature. If any such other paper is sent the same will be destroyed by the Scrutinizer.
9. The Scrutinizer's decision on the validity of the Assent/Dissent Form will be final and binding.
10. Incomplete, unsigned or incorrectly ticked Assent/Dissent Forms will be rejected.
